

Velocity Valley – Accessible Ride Guide

This short guide provides an overview of accessibility features for rides and attractions at Velocity Valley. For detailed, up-to-date information, please visit Guest Services or the Accessibility section of our website.

Rider Requirements

Height, weight, and mobility requirements vary by ride. Posted signage and staff can assist with determining eligibility. Guests using mobility aids may transfer depending on the attraction.

Queue & Boarding Access

Accessible queues are available for most major attractions. Rides with alternate entry points will be clearly marked. Guests using wheelchairs may request boarding assistance when needed.

Service Animals

Service animals are welcome in most areas; however, they are not permitted on high-speed rides. Designated waiting areas and relief locations are available.

Ride Categories

- *Thrill Rides*: May require full body control and independent transfer.
- *Family Rides*: Most allow assisted transfer; some permit non-transfer seating.
- *Shows & Attractions*: Fully accessible seating and assistive listening devices offered.

Additional Assistance

For accommodations or questions, visit Guest Services in the Central Plaza or call +1 (555) 555-0199.
